

本誌以外の雑誌に登載の論文 (1964)

Okamoto, H., Fujimura, A., Hayashi, T., Nishida, N., Shimizu, R., and Koshimura, S. :

Experimental Anticancer Studies. XX. Effect of Live Hemolytic Streptococci, Grown in Ribonucleic Acid-containing Broth, on Tumor Cells. *Gann*, **55**, 225-232, 1964.

Koshimura, S., Shimizu, R., Fujimura, A., and Okamoto, H. :

Experimental Anticancer Studies. XXI. Effect of Penicillin Treatment of Hemolytic Streptococcus on its Anticancer Activity. *Gann*, **55**, 233-236, 1964.

Okamoto, H., Fujimura, A., Shoin, S., Koshimura, S., Bando, I., and Ujiie, T. :

Studies on the Phenomenon of High Promotion by Nucleic Acid of the Production of Streptolysin-S of Hemolytic Streptococcus. Part 22.

On the Inhibition by Glucose of Streptolysin-S Production in Ribonucleic Acid Broth Culture.

Japan. J. Exp. Med., **34**, 109-118, 1964.

Koshiura, R., Koshimura, S., Bando, Y. :

Experimental Antitumor Activity of 4-Amino-6-Octylresorcinol Hydrochloride. *Gann*, **55**, 433, 1964.

多田 信平 : 血友病性関節症の2例, 臨床放射線, **9**, 242, 1964.

多田 信平, 木戸 哲也, 高田 英之 : 内因性リポイド肺炎の2例, 臨床放射線, **9**, 975, 1964.
